

# Self Load Confirmation

Dear client:

Please note that your contract for services is for self loading and securing of used household goods into a container. As such, please note that you will need to be aware of certain things and provide **MMI** with information required to perform export clearance on your behalf.

1. Container will be delivered as agreed and you should ensure upon arrival that the container is free from perforations and the seals on the doors are intact.
2. Container will be delivered to the location indicated on a chassis provided for the transportation on same. This chassis is required to transport the container and will position the container approximately 4 ft. from the ground. We advise that you rent a ramp to ease in the loading of your goods.
3. A complete inventory will be required for all goods loaded into the container providing a final piece count of all the items stowed within. This piece count will be noted on your Ocean Bill of Lading and used by customs on both ends of your transportation, it should be accurate.
4. Upon completion of loading, a seal or lock with a serial number, should be affixed to the locking door and advised to **MMI**.

Please provide the following details concerning the FCL shipment.

CONTAINER NO: \_\_\_\_\_ SEAL: \_\_\_\_\_

TOTAL PIECES: \_\_\_\_\_

Please complete the above and return to our office as soon as possible after you have completed loading your container. Delay in receipt of this document will result in additional charges to your account.
